

AS12322 Transit & Interconnection Policy

Settlement Free Interconnection ("peering")

Free S.A.S (AS12322) has a selective peering policy. Applicants must meet each of the following pre-qualifications:

- Applicant must operate a fully staffed Network Operation Center (NOC) 24 x 7 x 365.
- Applicant must peer with AS12322 in at least two different locations
- Traffic exchanged must be at least 1000Mbps average in each direction and traffic ratio should be no more than 2:1
- Applicant must be advertising at least a /16.

To ensure continued compliance with AS12322 policy, status of all settlement-free peers will be reviewed once every six months or upon requests for upgrades. Peers who do not comply with the published policy will be given 60 days to remedy the situation.

This policy is only a guideline. Meeting all requirements does not guarantee that Free S.A.S. will accept to peer with the Applicant. Exceptions may also be granted at the sole discretion of Free S.A.S.

Please send all questions/requests to peering@as12322.net

Regional Settlement Free Interconnection

Regional Settlement Free Interconnection is available in major cities in France. In every region where Applicant has a peering session with AS12322, Free S.A.S will advertise its customers in this region (based of the BGP confederation topology of AS12322).

Region	Peering Points	AS12322 customers announced
North	Lille	Lille Valenciennes Dunkerque Mours Creil Graveline Arras Amiens Beauvais

East	Strasbourg Dijon	Reims Nancy Strasbourg Dijon Mulhouse Colmar Besançon
West	Rennes Nantes	Brest Rennes Nantes Quimper Lorient Le Mans Angers Chartres La Rochelle
South-East	Lyon Marseille Montpellier	Lyon Grenoble Annecy Chambéry Saint- Etienne Nice Marseille Montpellier
South-West	Toulouse Bordeaux	Orleans Tours Poitiers Bordeaux Toulouse Limoges Bourges Clermont-Ferrand Bayonne Pau
Paris	Telehouse 1 Telehouse 2 Neuf Netcenter Courbevoie	Customers attached to each POP are announced locally

Applicants must meet each of the following pre-qualifications:

- Applicant must operate a fully staffed Network Operation Center (NOC) 24 x 7 x 365.
- Traffic exchanged must be at least 400Mbps (inbound or outbound)
- Presence in all regions is NOT required. However, it is required to setup at least peering sessions in two different regions to be able to peer in Paris.

All costs associated to link Applicant's network to Free S.A.S. equipments are to be supported by the Applicant.

Please send all questions/requests to peering@as12322.net

Paid Peering

For applicants who do not qualify for a Settlement Free Interconnection or who do not have a nation wide network to establish Regional Settlement Free Interconnection, it's possible to request a Paid Peering. The benefits are:

- Direct access to all Free S.A.S content
- Direct access to more than 2.6 million eyeballs
- No traffic volume and restrictive ratio requirements
- A single Point of Presence to collect/deliver traffic
- A monthly flat price depending on the interface capacity

Point of Presence	Interfaces available	Price (euros/month VAT not included)
Telehouse 2 Telehouse 1 Netcenter Neuf Courbevoie	GigabitEthernet	6000
	Additional GigabitEthernet (maximum 3)	7000
	TenGigabitEthernet	35000
